In the board of aldermen an ordinance was passed directing the representatives of Alexandria in the state legislature to procure the amendment of section 18 in the city charter, relating to taxation on vehicles of every description, and the action was concurred in by common council. This was done with a view of enabling the city to increase its taxation on the Washington. Alexandria and Mount Vernon railroad, and was the outcome of a recommendation to council lately presented by Mayor Simpson. The board of aldermen also passed a resolution urging the state legislature to amend section 1040 of the Virginia code, with a view of legalizing the city assessments. The aim is to exempt the city from the operation of this section.

A resolution embodying a bill to be presented to the state legislature for increasing the council representation from the third ward, or a division of that ward into two, was referred to the general laws committee.
